Partition disks

You have selected an entire device to partition. If you proceed with creating a new partition table on the device, then all current partitions will be removed.

Note that you will be able to undo this operation later if you wish.

Create new empty partition table on this device?

☐ No

☒ Yes

If you continue, the changes listed below will be written to the disks. Otherwise, you will be able to make further changes manually.

The partition tables of the following devices are changed:

SCSI3 (0,0,0) (sda)

The following partitions are going to be formatted:

partition #1 of SCSI3 (0,0,0) (sda) as swap

partition #2 of SCSI3 (0,0,0) (sda) as ext4

partition #3 of SCSI3 (0,0,0) (sda) as ext4

Write the changes to disks?

☐ No

☒ Yes
